Note: Prices based on grade #304 stainless steel and on an order quantity of 60 units per order. Vat & transport costs are excluded.

EcoCylinder Bin (1-waste)

Indoor rotomoulded EcoCylinder bins are made of recyclable polyethylene, are very robust and manufactured locally. These have a removable lid with a round throw-in hole. The top of each lid is colour-coded with a colourful vinyl, which also states the waste type that it is intended for.

The body of the bin is also smooth, making it ideal to brand with your organisation's logo.

Recycling Bin	Product Code	Price per unit – excl. VAT, ex transport costs
EcoCylinder Bin (1-waste) 100-litre capacity Dimensions: 485mm diameter x 660mm height (throw-in hole: 150mm diameter)	O3	R598

Note: Vat & transport costs are excluded, as is additional branding costs.

Three-Waste EcoCylinder Bin

The 100 litre EcoCylinder recycling bin has been partitioned into 3 sections by means of 3 sturdy inside plastic “sleeves”. This ensures that only one bin is used to collect 3 different waste types (at 33L capacity per waste type). This rotomoulded recycling bin also has a removable lid with 3 round throw-in holes and rope handles for easy lifting. The body of the bin is smooth, making it ideal to brand with your organisation’s logo

Recycling Bin	Product Code	Price per unit – excl. VAT, excl transport costs
3-waste EcoCylinder bin Dimensions: 485mm diameter x 660mm height (throw-in holes: 120mm diameter)	O3(B)	R954

Note: Vat & transport costs are excluded, as is additional branding costs.
